

ChileSec

Uniting New Mexico's Cybersecurity Community

Introducing ChileSec, a New Collaborative Platform
for New Mexico's Cybersecurity Community

Hello,

ChileSec is a new cybersecurity community established to unite and empower professionals and newcomers in New Mexico.

ChileSec's mission is to foster collaboration, mentorship, and professional growth within the cybersecurity community, while maintaining a strong connection with the State of New Mexico Cybersecurity Governance Board. We have designed the community space to serve as a centralized hub for job postings, events, and general inquiries about the field, complementing the efforts of existing cybersecurity groups in our state.

Our core values include inclusivity, professional courtesy, and a dedication to teaching and mentorship. As a grassroots, community-driven organization, ChileSec operates without corporate sponsorships or third-party influence, allowing us to remain an unbiased and genuine voice for the cybersecurity community in New Mexico.

We are thrilled about the potential for collaboration and partnership with other cybersecurity groups like yours, and we would be honored if you would consider participating in our community. We believe that joining forces with established groups will enhance our collective impact and drive meaningful progress in addressing the challenges and opportunities facing the cybersecurity landscape in New Mexico.

ChileSec will be organizing several in-person events throughout the year, featuring guest speakers, networking opportunities, and town hall discussions. We warmly invite you and your members to attend these events and contribute to the vibrant, inclusive atmosphere we aim to create.

To learn more about ChileSec and stay updated on our activities, please join the community Slack space at bit.ly/chilesec-slack.

We look forward to the possibility of collaborating together and welcome any questions or suggestions you may have. Please feel free to reach out to the organizers via Slack.

Thank you for your time and consideration. We hope to collaborate with you and your organization in our shared mission to strengthen and unite New Mexico's cybersecurity community.

Sincerely,

**Kristen
